Story is wriiten, he's just waiting for PM comment. Apparently, there's a story in today's Times that has Giuliani saying the sign will come down. Giuliani's aides have spoken to Mets owner and Mets owner says, "We believe sign will come down voluntarily and will come down before opening day. (April 1).

Questions:

Are we aware of Mr. Giuliani's comments?
Have we heard from the Mets?
Will sign come down voluntarily and before opening day? Why?
Contract is for sign to stay up until 1997 with option to renew (according to Times). If this is the case, why would we take sign down. If it's not voluntary, what happens with contract?
How much are we paying for sign? $250,000 per year has been reported. Can PM confirm that?
There's an unresolved lawsuit pending to remove the sign, do we have any comment on that?
PM comment on situation in general.
